## About the European Games

---

The third edition of the European Games will take place in Kraków and the regions of Małopolska in Poland from 21 June to 2 July 2023. The hosts were unanimously elected at an Extraordinary General Assembly of the EOC the day after the Opening Ceremony of the 2019 edition of the European Games in Minsk.

Overseeing the Games is the EOC Coordination Commission, expertly led by its Chair, Hasan Arat (TUR), and Deputy Chairs Zlatko Matesa (CRO) and Niels Nygaard (DEN).

The location for the 2023 European Games offers splendid venues, which will require only minimal work on infra-

structure in line with IOC Agenda 2020 recommendations on the environment and sustainability. Poland is also well known for its beauty and heritage, making it a very popular destination for tourists from across the world.

The European Games in 2023 will be an important stepping-stone for the continent's athletes on the road to the Olympic Games, with many of the sports acting as European championships and/or providing qualifications for Paris 2024. The Games will also be a showcase for some newer sports, such as beach handball, which will be making its first appearance at a senior multi-sport event since the ANOC World Beach Games Qatar 2019.

BELOW YOU CAN FIND SOME USEFUL INFORMATION FROM THE 2023 EUROPEAN GAMES

- 30 Sport Disciplines
  - 21 Olympic
  - 9 non-Olympic
- 19 Qualifying Sports for Paris 2024
- 12 European Championships
- 25 Venues
- 7,000 Athletes
- 48 Countries
- 12 Competition Days
- More than 8500 Volunteers

## Sports

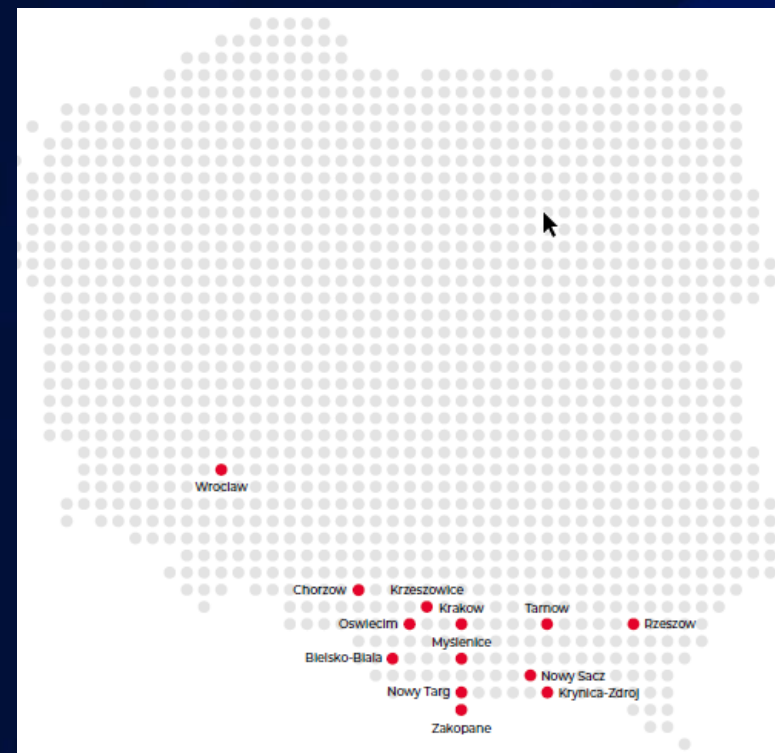

### \*Paris 2024 Qualifying Sports

*3x3 Basketball	Canoe Sprint	Padel
*Archery	*Cycling BMX Freestyle	*Rugby Sevens

27	Ski Jumping	Zakopane	Zakopane Jumping Hills
28	Boxing	Nowy Targ	Nowy Targ Arena
29	Muaythai	Myślenice	Myślenice Arena

## The Host Broadcaster

---

**The Organising Committee of the Kraków-Małopolska 2023 European Games selected Mediapro to serve as the Host Broadcaster (HB).**

At this time, **Mediapro**, is finalizing the planning phase of the project. The construction and fit-out of the IBC has just begun. The engineering team is proceeding with the equipment installation and the logistics team is preparing the deployment to different venues. We expect to be ready for the Games by June 15 and Mediapro personnel will be happy to welcome your staff who will be operating in Krakow during the Games, where we will make every effort to support your operation.

**Our goal is to produce an outstanding coverage of these Games** and we count on you, the Broadcaster to help us achieve this and to provide the widest possible coverage of the Games.

The European Broadcasting Union (EBU) is the exclusive official broadcasting partner for the European Games 2023. It is tasked with the distribution of broadcast media rights to EBU Members and other broadcasters worldwide. Eurovision Services S.A. is responsible for the distribution of all produced event signals via satellite and other digital distribution methods with its world-leading distribution network

## Broadcast Coverage

---

The HB, Mediapro, will offer live coverage of all sports, including some preliminaries and all semi-finals and finals. For that purpose, we will use **16 state-of-the-art OB Vans** to cover the different sports at each venue.

In those venues with multiple fields of play, only one feed will be produced.

Coverage provided by the HB as part of the ITVR signal at non-competition venues primarily consists of the following:

- /Opening and Closing Ceremonies
- /Beauty Cameras

Broadcast Coverage from all venues will include international sound audio.

Additionally, the following disciplines will include English guide commentary:

- /Opening and Closing Ceremonies
- /Athletics
- /Diving
- /Synchronized Swimming

In order to fulfil the role of the HB, Mediapro has prepared a Production Plan, highlighting the drama and athleticism of each competition and competitor. The Production Plan is designed to produce the highest quality pictures and sounds from the competition and non-competition venues. Mediapro estimates it will provide more than **500 hours of live coverage** of the Games

## PRODUCTION PLAN

Please find below the Current OB Vans allocation and tentative Production Plan.

## PRODUCTION PHILOSOPHY

Mediapro's main goal would be to surpass the undisputed levels of excellence achieved in Minsk 2019, thus converting Krakow 2023 into the new standard for this event.

We will convey the importance of the European Games in general and of each arena and each event in particular. We will also ensure that viewers are taken closer still to the power, strength, and agility of the athletes themselves to ensure that the audience can share with these young athletes the emotion of fulfilling dreams and realizing ambitions. The desire is to ensure that the viewer can empathize with what it means to take part in the European Games.

Our production goals across all venues include:

- Uncompromisingly fair and unbiased coverage of the competition
- Insightful, informed storytelling through appropriate shot selection and replay options
- Tight, expressive coverage of each athletic performance, combined with multiple action perspectives, both live and in replay
- Integration of the audio nuances intrinsic to the sport
- Clear and informative graphic presentation
- Highlights and news around the games
- Enhancement of the viewer's appreciation for the athletes' efforts and the drama inherent in competition.

## TV GRAPHICS

**ATOS** is the company chosen by the **EOC** to provide Timing and Results for the Games, as well as the TV Graphics. Find below some samples of the TV Graphics to be used in the production of the international signal.

## STANDARD RUN-UP AND RUN-DOWN

Video and audio from each venue will be transmitted to the IBC one hour before the start of the competition. Beginning at the one-hour prior time, a venue-wide shot will be transmitted with a venue advisory graphic. Any pre-unilateral transmission bookings will be conducted during this time period.

Depending upon the sport, the actual transmissions will begin 5 minutes prior to the start of the competition. In both team and individual sports, a 3-minute Run-down will begin at the end of the competition. Times before and after sports competitions can be used for occasional unilateral, also from venues.

**Please find below the Sample Run-Ups and Run-Downs for transmissions and the sports which will have 5-minute run-ups.**

## START OF THE INTERNATIONAL SIGNAL

International Signal begins 5 minutes before the event start

**KRAKOW 2023 - III European Games**  
**Indicative Running order - WORLD FEED**  
 Day 5 - 02.07.23      Canoe Slalom  
 09:05 Start (Local)      Kolna Sports Center

## RUN-DOWN: SESSION ENDS

The clock starts at the end of the event

## TRANSMISSION FROM THE VENUES TO THE IBC: CONTRIBUTION NETWORK

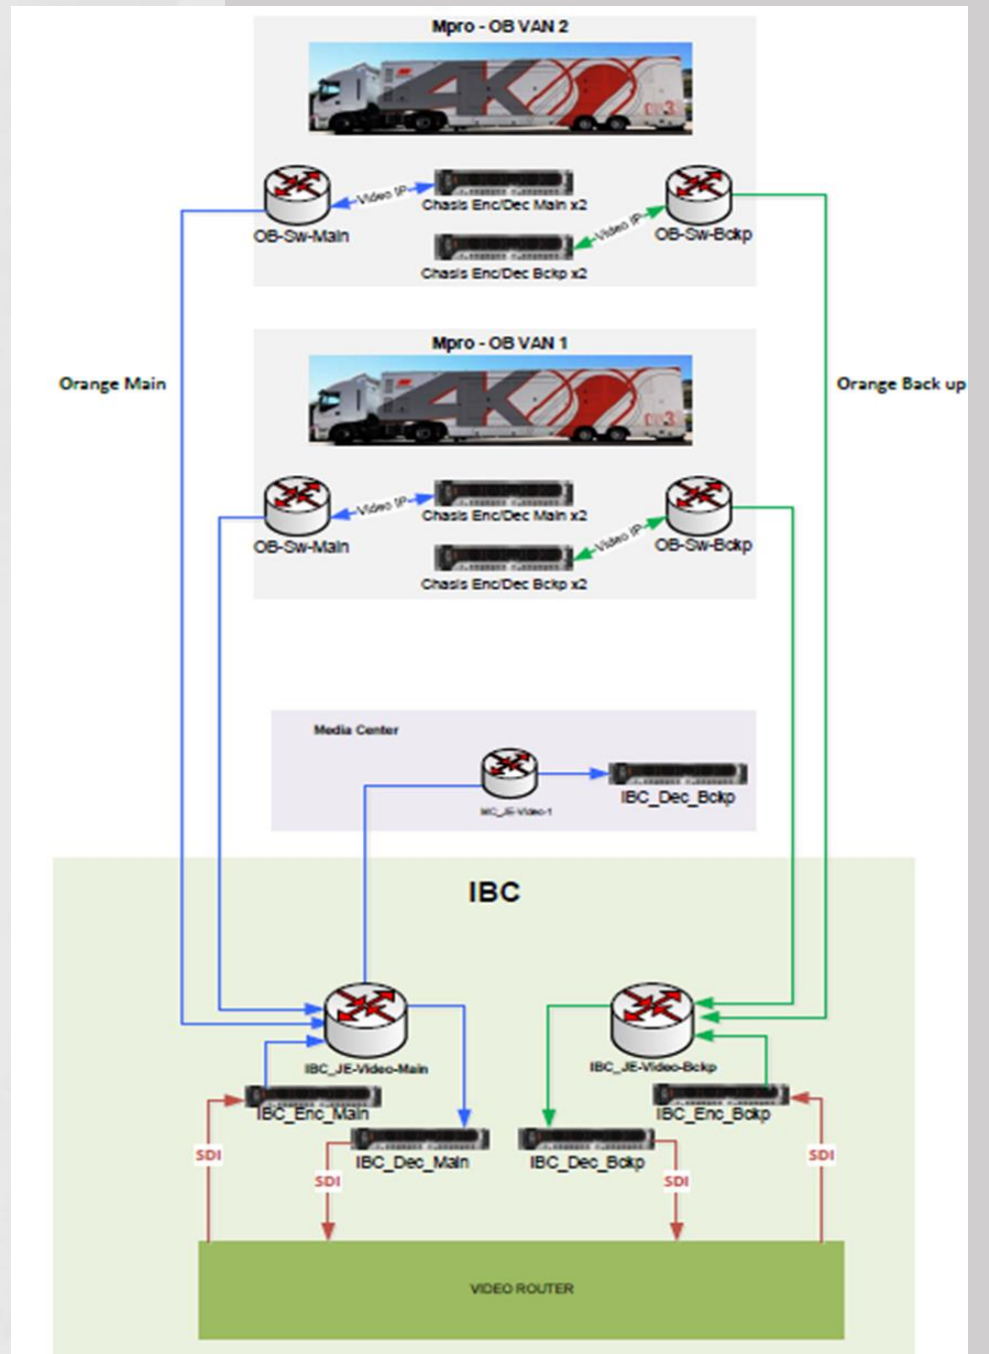

The Broadcast Contribution Network for the European Games will be reliable and robust. This network will use the fiber backbone to be provided by Orange Poland, to be installed in such a manner as to ensure the security of the cables and the Network. Please refer to the figure below for the “Broadcast Contribution Network for VANDAs” diagram.

All Vanda circuits from the TOC to the IBC will use a full bandwidth HDTV-SDI signal. This will be accomplished by using state-of-the-art codecs. Multilateral circuits will be provided with optical fiber diversity and equipment redundancy to provide a SONET-like ring configuration.

The Broadcast Contribution Network will also be used to provide transport of signals from non-venue sites such as beauty cameras.

Coordination circuits from the TOC to the IBC will be implemented by using codecs and multiplex equipment terminated in Ethernet-IP circuits.

All of the corresponding equipment of the Contribution Network at the venue sites will be located at the TOC.

## PRODUCTION OF HIGHLIGHTS, NEWS FEEDS, AND SUMMARY OF THE GAMES

The production of daily Highlights will be edited and commentated on in English at the IBC and delivered at the IBC for distribution by Eurovision.

The two Highlight shows will be distributed at different times. Highlights A, in the afternoon and Highlights B in the evening and will include English Commentary.

Also, two 10-minute News Feed packages will include the most relevant newsworthy items that happened during the previous hours. The two 10-minute News Feeds, with results and best shots, will be also distributed in the afternoon and evening following Highlights A and B.

Mediapro will also produce a two-hour Summary of the Games, distributed the day following the Closing Ceremony.

An electronic rundown will be made available one hour prior to transmission for Broadcasters to be aware of the content of the Highlights and Newsfeeds. More details on how this rundown can be downloaded will be provided shortly.

## MULTICHANNEL DISTRIBUTION SERVICE (MDS)

In addition to being able to receive all produced coverage at the IBC, Broadcasters will be able to receive a satellite distribution system for the European Games. The Multi-Channel Distribution Service (MDS). This service will be provided by Eurovision. The content of the MDS will consist of:

- UP to 8 channels of live and delayed sports coverage produced at the venues
- Highlights A and B

The EG 2023 MDS will include up to 400 hours of live coverage of the Games.

All circular information regarding broadcasts is related as well as contractual/commercial matters is distributed by the EBU's dedicated broadcaster servicing team.

Circulars are published regularly with upcoming deadlines and timelines, updates on event processes, and the publication of related documents. All rights-holding broadcasters may contact the European Games servicing team at [europeangames23@ebu.ch](mailto:europeangames23@ebu.ch).

Information for RHBs will be made available on the EG official website: <https://www.european-games.org/institutional/media/>

## MDS DISTRIBUTION

Multilateral Distribution will be proposed in the following standards:

### 3-paths Contribution

The contribution will be made via redundant private Eurovision fibers network and the public internet for the ultimate backup, the feeds will be consolidated and processed in Eurovision NOC in Geneva.

### Primary Satellite Distribution

Finally for distribution the feeds will be uplinked from Eurovision's permanent teleports to satellites, covering Europe (EU7B or EU10A). All signals will be encrypted for distribution in Biss 1. Video format will be 1080i/50 in 22HD (H.264, interlaced, 50Hz, 22 Mbps, 4:2:0). Audio format will be MP1L2, 1 stereo pair

### Audio Configuration:

Audio ch1 - Stereo International Sound Left

Audio ch2 - Stereo International Sound Right

Audio ch3 - English guide commentary (when available - Athletics, Aquatics, Ceremonies, Highlights°)

Audio ch4 - N/A

### Secondary multi carriers Distribution

For both European broadcasters and any located outside of the European satellite coverage, other satellites, Eurovision global Fiber Network FiNE, Eurovision multicast Content Hub, Broadcast quality SRT over internet, or web quality streaming (rtmp or hls) distribution services are also possible on a case-by-case assessment and basis.

### Booking

Eurovision Services anticipates delivering primarily in MCPC via its satellite Hypermuxes modulated in NS4. Should you not be able to receive by the means listed in the synopsis please contact us and we can consider alternative options – please note additional charges could be incurred.

We will be confirming the feeds on a booking confirmation basis, satellite information and encryption will be confirmed on your synopsis.

Contact us at [bookings@eurovision.net](mailto:bookings@eurovision.net) for further information and services.

### Tests

End-to-End tests will happen on Monday June 19. Timing TBC.

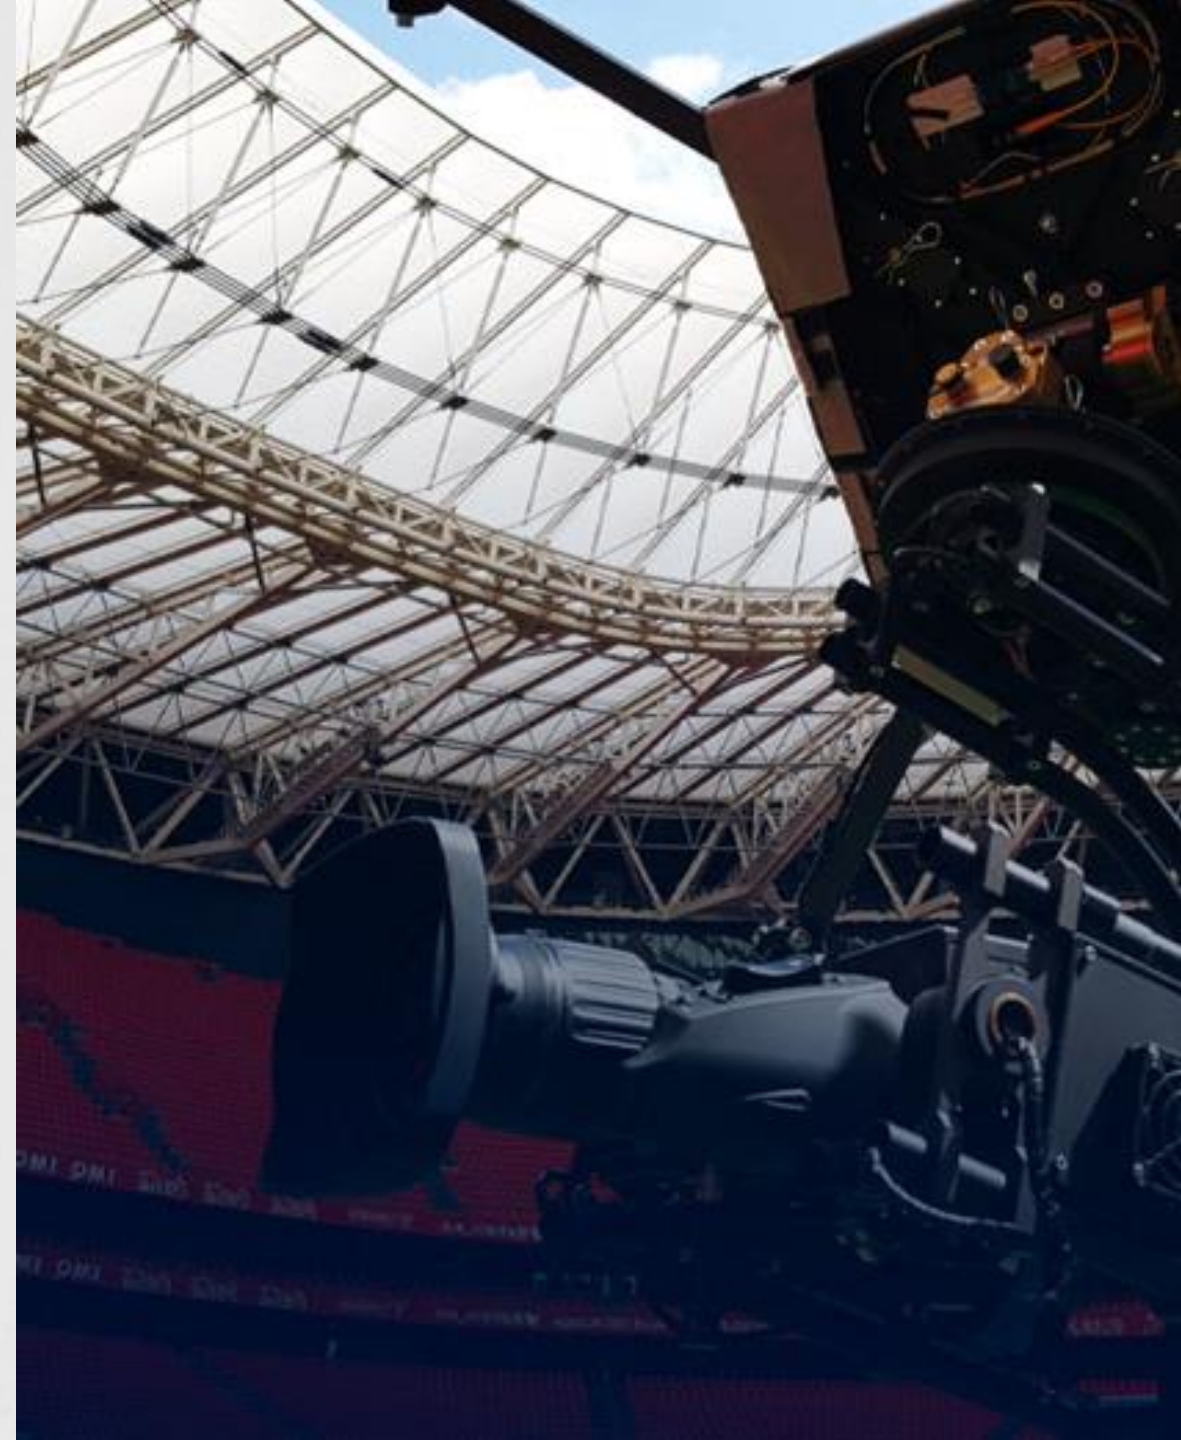

## DIGITAL COVERAGE

In addition to the Broadcast Coverage and the distribution through the 8 MDS channels, Eurovision Sport will be able to offer additional content of the European Games in a reduced “streaming quality” - **H.264 1080 50p, 6mbps, Audio AAC 128kbps** through **SRT** or **RTMP** delivery

The Digital Coverage is not part of the scope of the HB and will be made available to RHBs through Eurovision Sport.

**For more details on how to access the Digital feeds, please contact Eurovision Services.** [eurovisionssportevents@ebu.ch](mailto:eurovisionssportevents@ebu.ch)

A detailed Schedule showing the Digital Coverage can be seen on the next page.

## INTERNATIONAL BROADCAST CENTER

The International Broadcast Centre (IBC) is located in an Indoor Studio, TVP Kraków. Studio S-3, located in Nowohucka 44 31-580 Krakow, The space provided by the Organizing Committee for the IBC has approximately 1,000 sqm. The Mediapro Management Team and Planning Group are based at the IBC. Most of the operating positions include 2 shifts to be able to cover the long working hours at the IBC. Regular working hours: start time of 07:00, finish time of 02:00, daily.

There is a common media area for Rights Holding Broadcasters who do not have dedicated space within the IBC, provided with desks, chairs, and access to Games-time information and internet access.

The Mediapro areas will serve as the central nervous system for the entire IBC facility. They will house central facilities including MCR Distribution and Transmission Centre and other Technical Facilities (i.e. video recording room, edit rooms, graphics room, archival services, etc.).

# Accreditation

---

For those broadcasters who have yet not applied for accreditations, please use the following link to obtain them :  
<https://www.europeagames.org/institutional/media/>

# Accommodation

---

The LOC has started cooperation with EG 2023 Official Tourism Services Provider, to help you with accommodation, as well as other travel-related queries.

All hotel requests may be addressed to the following e-mail address [eg2023hotels@mazurkas.com.pl](mailto:eg2023hotels@mazurkas.com.pl)  
In your request, please indicate arrival and departure dates, city, number of guests per stay, preferred rooming structure, and other services needed.

A dedicated team of travel professionals will provide you with all necessary information.

# Media transport

---

The organizer will provide regular transport between all official venues of the European Games: the Main Media Centre (ICE Krakow Conference Centre), venues where competitions and training will take place, hotels, as well as the airport and the main train station.

At peak times, buses will run every hour or hour and a half. Transport will be available two days before the start of the Games (19 June) and will end operations the day after the competition (3 July).

Each day, the first bus will leave so as to arrive two hours before the start of the competition, the last 90 minutes after the end of the competition.
