# Introduction

# 1. Introduction

The European Games 2023 will take place from 21 June 2023 – 02 July 2023 in Poland. Krakow as a Host City and Partner Cities : Chorzow, Krynica-Zdroj, Krzeszowice, Nowy Sacz, Rzeszow, Tarnow, Wroclaw, Zakopane, Oswiecim, Myslenice, and Nowy Targ will share responsibility for implementation of the event European Games 2023 (EG2023).

The ETRN (The Event Transport) concept for EG2023 Poland is a document that describes the preparation process and dependency of the EG2023 Transport on other projects to be implemented for the efficient running of the European Games 2023.

All of the transport activities related to urban operations in the Host City, Partner Cities with the Stadiums and the sports venues where the competitions of the different sport disciplines of the European Games 2023 will take place are closely connected and can't be treated as separate projects.

The EG2023 Company runs, approves, manages and coordinates project, as well as determines detailed requirements and creates operational plans for the event

## 1.1. Purpose and scope of transport of the European Games 2023

The purpose of the Transport EG2023 project is to prepare and implement the transport operations related to the European Games 2023.

The target groups of the services are Athletes of the individual disciplines / Representatives of the individual European Countries participating in the European Games. Other target groups are: referees, anti-doping officials, officials, VIP guests, EOC EG2023 guests, and also employees / technical staff organizing the European Games 2023.

The areas of operations of EG2023 Transport are previously mentioned: Host City and Partner Cities. EG2023 Transport will also provide transportation services for official events leading up to the European Games 2023 themselves.

The scope of the EG2023 Transport is to provide transfers for the predefined and previously mentioned target groups between official EG2023 locations.

Transfers in the Host City and Partner Cities will be operating between athletes accommodation centres, teams, referees, anti-doping officials, EOC officials, VIP's and sports venues of individual disciplines, training venues, stadiums, HQ/Venue, hotels, accommodation locations, airports, and train stations (for selected target groups).

Airport operations. The exact scope of the service will be described in dedicated chapters.

Parking operations. The exact scope of the service will be described in dedicated chapters.

## 1.2. Transport management of events prior to European Games 2023

During the preparation period for the EG2023, there will be events that will also require transportation services.

- Visitation of the venues and cities where competitions will take place,
- Visitation of the venues by the EOC officials and delegates,
- Inspection of the venues by officials responsible for individual disciplines,
- Site visits and others.

The precise scope of activities is described in the subsections dedicated to each event.

### 1.3. Games table

The table below shows a plan of the locations of individual competitions for which transport operations will be provided.

EGOE provides shuttle service between Kraków and other cities where competitions take place three times a day. The exception will be the route between Kraków and Tarnów, where shuttle vehicles will operate more often.

Groups that won't be served by ETRN:

- Heads of State and government representatives
- Supporters
- Participants friends and family
- Sponsors
- Corporate Hospitality guests

## 1.5. Vehicle fleet

Our vehicle fleet consists of standard and comfort cars. We're not planning to include premium standard cars.

All of the EG2023 vehicles will be branded prior to the beginning of service operations, planned location for vehicle branding is Henryk Reyman City Stadium in Krakow. Buses and coach branding will take place at pre-arranged schedule, with coaches arriving for branding and returning to their bases after. Cars and vans will be parked at the stadium until the start of transport operations, where they will be branded and wait for the moment of transfer to individual drivers. EG2023 branded cars are allowed to use Krakow Bus Line.

Below is an example of the branding of cars and coaches:

- **Cars fleet** – vehicles serving VIPs, EOC – people in the group who are entitled to a dedicated car with or without driver and also will be used as Pool Cars. Examples: Toyota Corolla, Kia Ceed, Skoda Scala, Seat Arona, Skoda Octavia and similar.
- **VANs fleet (8/9 pax)** – vehicles used as Pool Cars. Examples: Toyota ProAce, Renault Traffic and similar.
- **Cargo Vans fleet (3,5t max.)** – vehicles used for equipment transportation and used also as Pool Cars. Examples: Opel Movano, Citroen Jumper and similar.
- **Minibus fleet (20 to 28 seats)** – Vehicles serving athletes who are part of the team competitions (teams of 7 or more), as well as transporting referees, media, and EG2023 technical staff, and also to be used as shuttle buses on difficult to access and less busy routes.
- **Bus fleet (30 to 39 seats)** – Vehicles serving at airport transfers, routes between athletes accommodation locations and EG2023 sports venues, transfers between hotels and the media centre etc. Depending on where the services are provided, vehicles with an equal number of seats will be used.
- **Coach fleet (40 to 49 seats)** - Coaches serving at airport transfers, routes between athlete's accommodation locations and EG2023 sports venues, transfers between hotels and the media centre etc. Depending on where the services are provided, coaches with an equal number of seats will be used.

## Transport and airports operations

## 2. Transport and airport operations

Urban transport, transportation during the EG2023, as well as airport operations are integral urban parts of the EG2023 service. The European Games Transport Concept and the Airport Operations are separate documents, therefore, the operations themselves are related to transport functionality in the Host City, Partner Cities as well as Airport Operations.

### 2.1. Car Parks available for private cars during European Games 2023

If you arrive by private car, it is possible to purchase a parking space in the parking area of our partner Interparking (+48 698 936 254, kdrabek@interparking.com). In case of Interparking Balice (airport parking) , K. M. Medweckiego 31, 32-083 Balice.

From the Interparking you can walk to the EG2023 Shuttle Bus stop at the airport.

The Interparking car parks price list and facilities are shown below:

### 2.3.1. Paid motorway section in Poland

For private cars that need to buy a ticket for a paid section of the highway, here is a link to the website to buy that ticket: <https://tiny.pl/96jx4>

## 2.4. Airport operations

From the 16th of June a Welcome Desk is placed at the airports – Krakow, Katowice and Wroclaw. The dedicated staff at the Welcome Desk will guide you to the proper EG2023 Shuttle. Please note that Katowice Airport is servicing only Athletes and Wroclaw Airport – Shooting only. There will be no airport EG2023 Shuttle service between Krakow and Wroclaw.

### 2.4.1. Krakow Airport Balice

The Welcome Desk is situated at the Arrivals Hall. Pick-up take place from the second lane (BUS / VIP). Photos showing the mentioned pick-up point are below:

### 2.4.2. Katowice Airport

Pickups take place on the second runway, near the arrival hall of Katowice-Pyrzowice Airport.

Photo showing the mentioned location:

### 2.4.3. Wroclaw Airport

Pickups take place on the second runway, near the arrival hall of Wroclaw Airport.

### 2.4.4. Lost luggage

In situation of lost luggage, please contact the lost luggage office for the specific airline, which are located in the Arrivals Hall in Krakow, Wroclaw and public area of Katowice Airport to collect the case number for the delayed/lost luggage.

On arrival at the Athletes' Village, report to the AVL Transport Coordinator to complete a baggage claim authorization. If the baggage is found the Coordinator will personally collect it at Transportation Desk at the AVL and forward to the owner.

## 2.5. Train station operations of the Host City / Partner Cities

### 2.5.1. Krakow PKP Main Train Station

Depending on demand, an information point at Krakow Main Railway Station is currently being planned, and shuttle transport from the station to official accommodation is also predicted (depending on demand). The pick-up point for the guests is located on the roof parking deck on the second level above Main Train Station. A designated volunteer will take you to this point. To get there you have to take lift located nearby to the sector number 4 on each platform.

## 2.6. Entry passes during the EG2023

Entry passes have been prepared for the duration of the EG2023, which depending on category entitle the holder to park or only for Pick-up or Drop-off at all or at selected venues. Access and parking at the venues during IE2023 is accredited through the Vehicle Access and Parking Permits (VAPP) system. Entry cards will be controlled during entry to the venue by Access Security Points. NOCs can request a car, driver or car with driver through the NOC Rate Card.

For individuals with accreditation, a VAPP will be handed out along with the accreditation. VAPP requesters (services, suppliers) must apply for access by contacting the Transport Office at [transportation@ie2023.pl](mailto:transportation@ie2023.pl). Then, once accepted, as with those who have purchased a VAPP via RateCard, they must go directly to the Transport Office located in the Athletes Village to collect their VAPP card.

Every entry pass shows: information on the pass category (RUNNER, ALL, etc.), the assigned vehicle registration number, and the ID number in the format TYPE/CITY/DISCIPLINE/NUMBER. In its right-hand corner there is a hologram as a security feature.

Below is an example of an entry pass for a vehicle.

The table below shows the colour and category of entry passes depending on their group belonging.

\*All or city only (employees of EOC/LOC, management – all type, local employees, management functions, not Staff – city).

VAPPs that will be used during the EG2023:

Local Organizer Committee - All – entitles the VAPP holder to enter and park at any venue in the Host City or Partner Cities. It also allows to park in the Athletes Villages. Parking spots are available on a first-come, first-served basis.

Security / Fire Brigade / First Aid – entitles the VAPP holder to enter any venue in the specified City. Those vehicles will have designated parking spaces.

European Olympic Committee Family - entitles the VAPP holder to enter and park at the venues in a specified City. Vehicles are allowed to park in designated EOC Family parking spaces. Parking spots are available on a first-come, first-served basis.

Athletes - entitles the VAPP holder to enter and park at the venues in a specified City. Vehicles are allowed to park in designated Athletes parking spaces. Not all of the venues will have this kind of parking. For more information, check out the maps of the venues. Athletes are allowed to park only at the venue of their own sport discipline. Parking spots are available on a first-come, first-served basis.

European Olympic Committee / Local Organizer Committee - entitles the VAPP holder to enter and park at all the venues in all of the Cities. It also allows to enter and park in the Athletes Villages. Parking spots are available on a first-come, first-served basis.

Delivery - entitles the VAPP holder to enter the venues or Athletes Village to deliver the goods to the facility within venue's closed area. This VAPP doesn't give the holder the right to park in the designated parking spaces at the site and only works in a specified city.

Media / Press Service - entitles the VAPP holder to enter and park at the venues in a chosen city. Vehicles are allowed to park on designated Media / Press parking spaces. It does not allow to park in the Athletes Villages. Parking spots are available on a first-come, first-served basis.

Local Organizer Committee - Runner - entitles the VAPP holder to enter the venues in the Host or Partner Cities. Vehicles are allowed to ride through the venue and pick up or drop off people.

Opening Ceremony / Closing Ceremony - entitles the VAPP holder to enter and park at the Reymonta Stadium during the Opening Ceremony or Closing Ceremony. Vehicles are allowed to park at the designated parking spots.

VAPP – Vehicle Access Parking Passes bought through the Rate Card. Depending on the order, those are designated passes to enter the venues in the Host or Partner Cities or all of the Venues during the European Games 2023. Vehicles are allowed to park at the designated VAPP parking spots. Parking spots are available on a first-come, first-served basis.

## Car Park

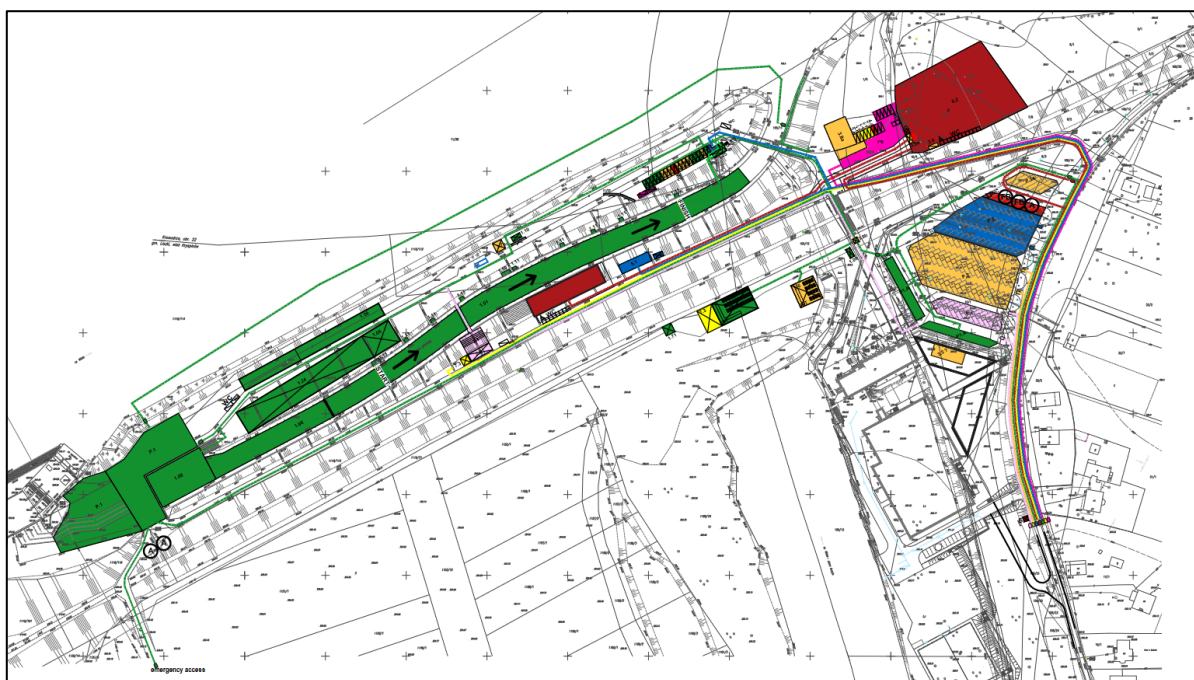

VIP parking is located at the area marked as **P2** (pink colour).

Access to the parking slots is accredited. The venue has several parking spaces marked, the first one **P3** (40 parking slots) dedicated for disability persons, LOC, Pool Cars and RateCard (30 parking slots). The **P5** will be dedicated for Media.

### 3.1.3. Krakow Athletes Village

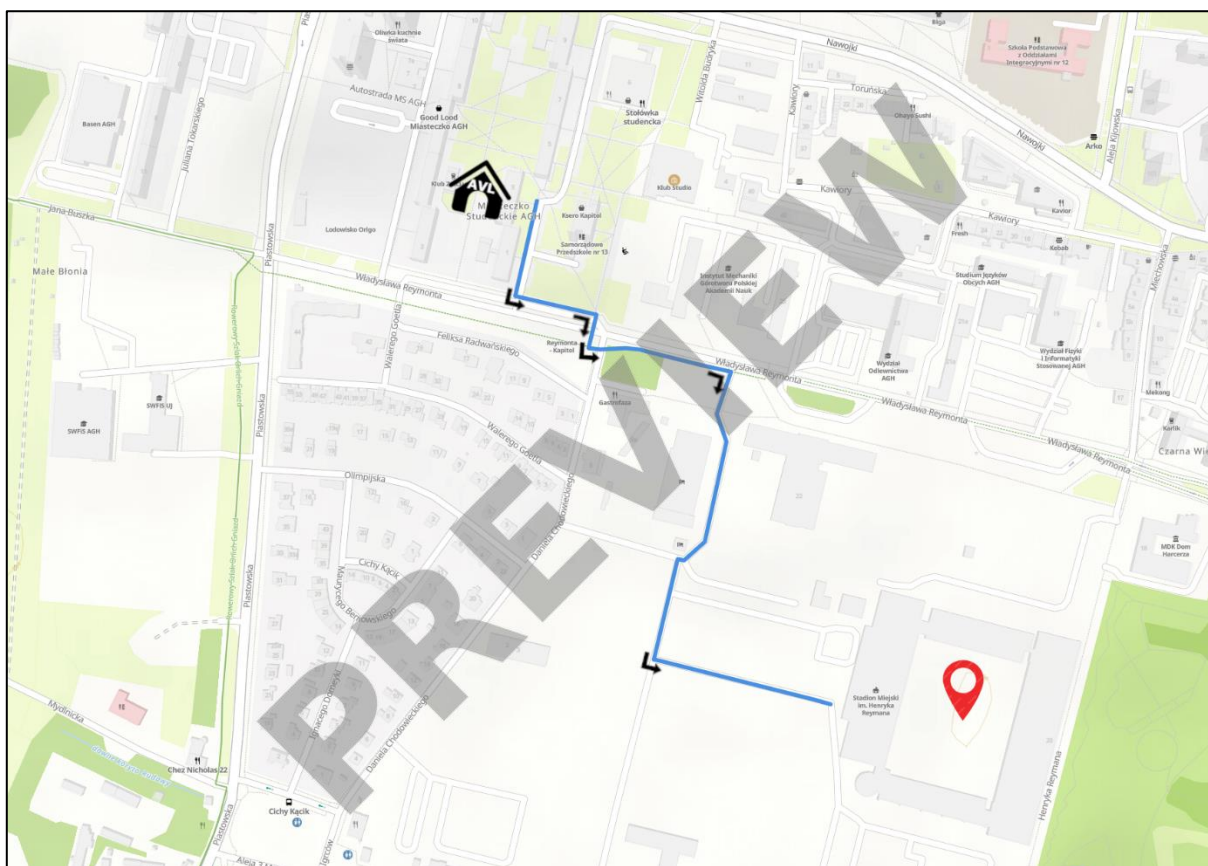

Cars entering the AVL territory will be routinely checked for security just at the entrance to the area. Between the ice rink and football pitch, we have a paved parking area of 55mx15m marked as P2/P3. On the side of Piastowska Street, a paved area will be created for the 20/28 passenger minibuses over the entire available length of 80m and width of 19m, additionally allowing traffic to be directed in one direction, minimizing the effects of cars passing each other in two directions. We also have a car park with spaces already marked out, that will also be used to park cars dedicated to the NOC. Exit to Reymonta Street is already accessible via the barrier. Pick-up / Drop-off space is available in the bus lane on Reymonta Street, a paved area with the possibility of creating 8 stops. The Transportation Desk is marked on the map as 3.5 - a container, with the window and entrance door on its longer wall. This wall is perpendicular to the pavement running along the street. A TIER application electric scooter point marked U-8 is located next to the competition village. Competitors will receive a discount code for their first ride in their welcome pack. The scooters are regularly monitored by TIER for available vehicles at the point and battery status.

Access to the car parks will be accredited. The facility has 145 parking spaces. Parking **P.3.3** is for Athletes who have purchased Rate Card parking. You can only park there once, leaving will result in your entry being withdrawn and you will not be able to re-enter.

## Car Park

No parking provided. Free access without tickets.

### 3.1.11. ICE Krakow Congress Centre – Main Media Centre

In front of the ICE, next to the KBF building, there is a parking lot for people collecting accreditation (marked in yellow). After collecting it, cars are directed to the ICE-1 underground car park, where 150 parking spaces are available. Entry is possible by using the car park control system; the registration numbers of entering vehicles are loaded into the system, which automatically compares the number plates of the vehicles with those in the database. After this process, the outdoor car park at the KBF will become a parking area for Pool Car vehicles. A stop for the shuttle line is located in front of the building and is marked with a green rectangle on the map. The green colour also indicates the direction in which the shuttle buses move.

### 3.2. Shuttle Service in Krakow

For the duration of the IE2023 Games, Reymonta Street will be closed in the area around the Athletes Village due to heavy transfer traffic. Marked transfer stops will be set up along the street in bays. A container will also be placed as a transfer information point:

We will provide a regular EG23 Shuttle Service between all official locations (Athlete Village, Accreditation Centre, Media and Volunteer Centre, pitches, training fields, official hotels, airport, and train station). During peak hours, the transfer will be available every 15–20 minutes and every 30–45 minutes during hours when traffic is lower. The transfer services will begin three days before the start of the first competition and end the day after the last competition is played. On the operational day, the first transfer will start to arrive at 2 hours before the events at the venue (we will provide an individual transfer service at earlier times on request) and the last transfer service will start 90 minutes after the last competition.

In addition, we will provide a shuttle service between the competition venue in the other cities and Krakow 4 times a day, with the exception of Tarnow and Krakow, which will run more frequently.

The schedule below shows the locations of the venues where each competition will be held, as well as the training venues and the estimated travel time between the competition village and the venue:
